My dear Sam-

Your tele. of yesty S. F. to Phenix this is desirable - Will move on yesty's schedule meeting you Tombstone as requested" rec'd this m'g - seems to settle our prog. until we meet at Tombstone about Middle Jany - and I will mail these sheets to S. F. assuming that you will get them to-day. I shall write you again there when I get yr letter which I assume you will write me before again going to Phenix - I will expect you to telegraph me immediately upon your arrival in S. F. unless you send telegram there saying I have left here for Tombstone. I think I shall have to leave Mamma here. She is feeling better, has some appetite - and goes down stairs to her meals but her cough continues bad. Our Offy

and very interesting, but he, apparently, did not consider it complete as he simply signed one portion with the mem. "Examination made in September 1892" and left blank sheets between that and maps and notes on the situation there — as tho' he expected to add your report. —

I have advised him that I was expecting you east but mentioned no time and shall now not write him again until I know whether you come here soon or I go there soon, and then will be guided in what I say by what you report to me. My expectation was that we should all meet in New York or here — when I last met him — and decide at that time whether or not we should take the matter of Green Mountain up or lay it down as impracticable.

I shall feel interested to know what further you learn from Mrs. C. K. H. and from Mr. Rogers at San José
